

**Decision No: OU-124/2022**  
**Zagreb, 20<sup>th</sup> June 2022**

Pursuant to Article 22 of the Company Agreement of LNG Hrvatska d.o.o., with its registered office at Slavonska avenija 1B, Zagreb, OIB: 53902625891 dated 3<sup>rd</sup> December 2021, the Director of the Company adopts:

**DECISION**  
**on the maximum tariffs for performing services in the area of the Special-Purpose Port - Industrial Port LNG Terminal, Omišalj-Njivice**

**Article 1.**

This Decision determines the maximum amounts of tariffs for the provision of the following services in the area of the Special-Purpose Port - Industrial Port LNG Terminal, Omišalj-Njivice:

1. Towing services,
2. Mooring and unmooring of ships,
3. Reception, forwarding and disposal of non-hazardous domestic and solid waste,
4. Reception, forwarding and disposal of liquid waste,
5. Reception, forwarding and disposal of solid and liquid hazardous waste,
6. Reception, forwarding and disposal of animal carcass,
7. Surrounding of vessel with floating booms,
8. Remediation of marine pollution caused by liquid and solid waste.

**Article 2.**

The maximum tariffs for performing services in the area of the Special-Purpose Port - Industrial Port LNG Terminal, Omišalj-Njivice is an integral part of this Decision and is published on the website of LNG Hrvatska d.o.o.

**Article 3.**

With the entry into force of this Decision, Decision No. OU-051/2020 of 2<sup>nd</sup> October 2020 shall cease to be valid.

**Article 4.**

This Decision shall enter into force on the day of its adoption.

**MANAGING DIRECTOR**

**Hrvoje Krhen**

**Maximum tariffs for performing services in the area of the Special-Purpose Port -  
Industrial Port LNG Terminal, Omišalj-Njivice**

<p>Towing of a Liquefied Natural Gas Carrier (hereinafter: LNGC) on the basis of arrival / departure from the Special-Purpose Port - Industrial Port LNG Terminal, Omišalj-Njivice, using the number of tugs for arrival and departure prescribed by the Port regulations of the Special Purpose Port - Industrial Port LNG Terminal which is in force, where each of the tugs has a minimum of 50 tons of traction on the hook, is equipped with a firefighting system and shield along the plating to prevent sparks, and safety nets and spark arrestors on the exhaust pipes.</p>	lump-sum					
	for LNGC of storage capacity					
	< 30.000 m <sup>3</sup>	from 30.000 m <sup>3</sup> to 65.000 m <sup>3</sup>	from 65.000 m <sup>3</sup> to 140.000 m <sup>3</sup>	from 140.000 m <sup>3</sup> to 180.000 m <sup>3</sup>	from 180.000 m <sup>3</sup> to 217.000 m <sup>3</sup>	>217.000 m <sup>3</sup>
20.000 EUR	50.000 EUR	70.000 EUR	100.000 EUR	120.000 EUR	140.800 EUR	
<p>Firefighting tug in standby from the moment of mooring to the moment of unmooring of the LNG Carrier from the LNG Terminal, with characteristics of minimum 2 monitors, minimum 1,200 m<sup>3</sup> of water per hour / per monitor, minimum 2,400 m<sup>3</sup> of firefighting pumps pressure capacity, minimum 24 hours of continuous operation, minimum 120 m of horizontal jet range, minimum 45 m of vertical jet range, water self-protection system.</p> <p>The price of the firefighting tug in standby does not include the costs of materials and chemical agents, as well as the costs of other spent or destroyed assets in the case of firefighting. They will be calculated at purchase prices on the day of providing the firefighting service.</p>	Standby of the firefighting tug for 24 hours					
	16.800 EUR					
Firefighting tug/ hour						
700 EUR						

<p>Providing support to the LNGC at the request of the ship's Master or Maritime Agent while the LNGC is in the area of the Special-Purpose Port - Industrial Port LNG Terminal, with the characteristics of each tug that provides support of minimum 50 tons of traction on the hook, equipped with a firefighting system and a shield along the plating to prevent sparks, and safety nets and spark arresters on the exhaust pipes.</p>	<p>tug/ hour</p> <p>1.400 EUR</p>
<p>Other LNGC towing services at the request of the ship's Master or Maritime Agent, while the LNGC in the area of the Special-Purpose Port - Industrial Port LNG Terminal.</p>	<p>tug/hour</p> <p>700 EUR</p>
<p>Towing of the FSRU vessel based on arrival / departure from the area of the Special-Purpose Port - Industrial Port LNG Terminal, Omišalj-Njivice, using 4 tugs for arrival and a minimum of 2 tugs for departure, where each tug has a minimum of 50 tons of traction on the hook, it is equipped with a firefighting system and a shield along the plating to prevent sparks, and safety nets and spark arresters on the exhaust pipes.</p>	<p>lump-sum</p> <p>42.900 EUR</p>
<p>Providing support to the FSRU vessel at the request of the FSRU vessel Master while the FSRU vessel is in the area of the Special-Purpose Port - Industrial Port LNG Terminal, Omišalj - Njivice, with the characteristics of each tug providing support of minimum 50 tons of traction on the hook, firefighting system and a shield along the plating to prevent sparks, and safety nets and spark arresters on the exhaust pipes.</p>	<p>tug/hour</p> <p>680 EUR</p>

<p>Providing support to the FSRU vessel at the request of the FSRU vessel Master while the FSRU vessel is in the area of the Special-Purpose Port - Industrial Port LNG Terminal, with characteristics of minimum 2 monitors, minimum 1,200 m<sup>3</sup> of water per hour / per monitor, minimum 2,400 m<sup>3</sup> of firefighting pumps pressure capacity, minimum 24 hours of continuous operation, minimum 120 m of horizontal jet range, minimum 45 m of vertical jet range, water self-protection system.</p> <p>The price of the firefighting protection does not include the costs of materials and chemical agents, as well as the costs of other spent or destroyed assets in the case of firefighting. They will be calculated at purchase prices on the day of providing the firefighting service.</p>	<p style="text-align: right;">Firefighting tug/hour</p> <p style="text-align: right;">400 EUR</p>
<p>Other FSRU vessel towing services at the request of the FSRU Master, while the FSRU vessel is in the area of the Special-Purpose Port - Industrial Port LNG Terminal.</p>	<p style="text-align: right;">tug/hour</p> <p style="text-align: right;">400 EUR</p>

## 2. MOORING/UNMOORING OF THE SHIPS

The maximum amounts of tariffs for performing the services of mooring / unmooring are determined as follows:

Mooring of the LNGC at the request of the ship's Master or Maritime Agent.	3.500,00 EUR
Unmooring of the LNGC at the request of the ship's Master or Maritime Agent.	3.500,00 EUR
Mooring of the FSRU vessel at the request of the FSRU Master or Maritime agent.	2.200,00 EUR
Unmooring of the FSRU vessel at the request of the FSRU Master or Maritime Agent.	2.200,00 EUR

### 3. RECEPTION, FORWARDING AND DISPOSAL OF NON-HAZARDOUS DOMESTIC AND SOLID WASTE

The maximum amounts of tariffs for performing the services of receiving, forwarding and disposing of non-hazardous domestic and solid waste are determined as follows:

For LNGC at the request of the ship's representative or Maritime Agent - services to be provided by vessel	- vessel rental 72,50 EUR/hour - waste transportation 60 EUR/m <sup>3</sup>
For FSRU vessel at the request of the FSRU representative or Maritime Agent - services to be provided by vessel /vehicle	- vessel rental 72,50 EUR/hour - vehicle rental 15,00 EUR/hour - waste transportation 40 EUR/m <sup>3</sup>

#### 4. RECEPTION, FORWARDING AND DISPOSAL OF LIQUID WASTE

The maximum amounts of tariffs for performing the services of reception, forwarding and disposal of liquid waste (liquid waste, polluted and fecal waters) are determined as follows:

For LNGC at the request of the ship's representative or Maritime Agent - services to be provided by vessel	- vessel rental 72,50 EUR/hour - waste transportation 15 EUR/m <sup>3</sup>
For FSRU vessel at the request of the FSRU representative or Maritime Agent - services to be provided by vessel /vehicle	- vessel rental 72,50 EUR/ hour - vehicle rental 15,00 EUR/ hour - waste transportation 12 EUR/m <sup>3</sup>

## 5. RECEPTION, FORWARDING AND DISPOSAL OF SOLID AND LIQUID HAZARDOUS WASTE

The maximum amounts of tariffs for the performance of services of reception, forwarding and disposal of hazardous waste are determined as follows:

<p>For LNGC at the request of the ship's representative or Maritime Agent</p> <ul style="list-style-type: none"> <li>- services to be provided by vessel</li> </ul>	<ul style="list-style-type: none"> <li>- vessel rental 72,50 EUR/hour</li> <li>- transportation of solid hazardous waste 1,00 EUR/kg</li> <li>- transportation of bilge 100,00 EUR/m<sup>3</sup></li> <li>- transportation of sludge 130,00 EUR/m<sup>3</sup></li> </ul>
<p>For FSRU vessel at the request of the FSRU representative or Maritime Agent</p> <ul style="list-style-type: none"> <li>- services to be provided by vessel /vehicle</li> </ul>	<ul style="list-style-type: none"> <li>- vessel rental 72,50 EUR/hour</li> <li>- vehicle rental 15,00 EUR/hour</li> <li>- transportation of solid hazardous waste 1,00 EUR/kg</li> <li>- transportation of bilge 100,00 EUR/m<sup>3</sup></li> <li>- transportation of sludge 130,00 EUR/m<sup>3</sup></li> </ul>

## 6. RECEPTION, FORWARDING AND DISPOSAL OF ANIMAL CARCASS

The maximum amounts of tariffs for the performance of services of reception, forwarding and disposal of animal carcass are determined as follows:

Arrival to the ship at the request of the ship's representative or the maritime agent: <ul style="list-style-type: none"><li>- for LNGC, arrival by vessel</li><li>- for FSRU vessel, arrival by vehicle or vessel</li></ul>	30,00 EUR
For every kilogram delivered	1,00 EUR/kg

## 7. SURROUNDING OF VESSEL WITH FLOATING BOOMS

The maximum amounts of tariffs for performing the services of surrounding vessels with floating booms, which includes assembly, duration of the installed barrier, dismantling, are determined as follows:

Per linear meter of installed barrier	1,30 EUR/meter/day
---------------------------------------	--------------------

## 8. REMEDIATION OF MARINE POLLUTION CAUSED BY LIQUID AND SOLID WASTE

The maximum amounts of tariffs for performing the services of remediation of marine pollution caused by liquid and solid waste are determined as follows:

Vessel rental	72,50 EUR/hour
Vehicle rental	15,00 EUR/hour
Skimmer	47,00 EUR/hour
Worker	7,00 EUR/ hour
Floating barrier	1,30 EUR/meter/day
Waste transportation	<ul style="list-style-type: none"> <li>- transportation of solid non-hazardous waste 60,00 EUR/m<sup>3</sup></li> <li>- transportation of solid hazardous waste 1,00 EUR/kg</li> <li>- transportation of bilge 100,00 EUR/m<sup>3</sup></li> <li>- transportation of sludge 130,00 EUR/m<sup>3</sup></li> </ul>
Open space cleaning	4,60 EUR/m <sup>3</sup>
Jetty cleaning	7,90 EUR/m <sup>2</sup>
